

27th April 2017

Dear Parents

As mentioned in an earlier email, our first newsletter of the term will be next week. This email is to share some planning items in the approaching school days.

Parent Presentation on “Keeping Safe” Child Protection Curriculum – Tonight 6.30pm

I would really like as many parents as possible to attend this presentation so that everyone is familiar with the curriculum we are going to introduce in the second semester. There is still time to RSVP if you can attend.

P&F Meeting – Tuesday 17th May – 7pm

I would like to promote the next P&F meeting happening on Tuesday 16th May. Our last meeting wasn't well attended, so I encourage parents to come along to become part of the work our P&F does to support the school and families and to build community. It is a good way to become informed on what is happening in the school and to show appreciation of our hard working P&F executive team

Mothers' Day Breakfast – Friday 12th May 7.30am

One of the initiatives the P&F are implementing is a Mothers' Day Breakfast to recognise the much appreciated contributions of the mothers in our school and families.

On behalf of the school and P&F, I would like to invite all mothers (and grandmothers) to come along, even if you can only stay for part of the time. We will be sending a separate invitation, together with a RSVP slip for catering purposes early next week.

The class reps have been busy organising for dads to help with the breakfast. If there are any further volunteers please contact your class reps or ring the school to register your availability.

Cyber Safety Workshop – Monday 1st May 5.30pm – 7.00pm, Cape Naturaliste College Performing Arts Centre

I have attached a flyer promoting the Cyber Safety Workshop presented by Nola Marino at Cape Naturaliste College on Monday evening. Due to the supervision and education we do in our school in this area, we do not have any significant problems at this point in time in our school.

However, I am aware of the quality and effectiveness of Nola's presentation and can recommend it to parents so that we can all be proactive in avoiding potential problems in the future.

God bless, Des
